

## Student Account Orientation

How to use your Scholars Online, Chat, and Moodle logins  
to find your courses, attend class, and submit work

# SCHOLARS ONLINE

You can log into your own student account from the Scholars Online Account option, and into class session chats from the “Chat Access” option on the Scholars Online Home Page. You can log into the Moodle from the Moodle Access option. You may want to bookmark these pages, especially if you log into them from a tablet.

Select the login tab from the Menu on any Scholars Online site page.

Select the Scholars Online Account option to look at your schedule, texts, and transcript.

Scroll down and click on the “Live Class Access” option to get to the Scholars Online Chat list for the day, or to Chat Logs.

Scroll down and click on the “Moodle Access” option to get to the Scholars Online Moodle.

# SCHOLARS ONLINE

Your Scholars Online member account contains your transcript, textbook, and schedule information. If you are under 18, you cannot change your personal information (name, address, email); these must be changed from your sponsor's account.

You are not logged in

## SCHOLARS ONLINE MEMBER LOGIN

Adult and Alumni members may log in here to retrieve account information, correct member profiles, create new memberships for dependents, and enroll themselves or their dependents in courses.

Students should use the Moodle Login link at the left to log in to the Moodle and manage their personal information and email addresses from there. Login is also required for students making recommendations in the Bookstore.

## SCHOLARS ONLINE TRANSCRIPT

### Grades for mycroft t bot

Our transcript policy has changed to meet new requirements from schools and colleges. Midyear grades (letter and numerical grades) may now be included on transcripts, as well as final letter and numerical grades and final comments. Teachers will issue midyear grades for parents who require them, but in general, most Scholars Online courses report only year-end grades. If you need midyear grades, contact your teacher or the Scholars Online Administrator.

So, with the exception of the midyear comment column, official transcripts will include all information shown below, in a similar format.

Please review your transcript information at the end of each semester and let us know immediately if there are any discrepancies or missing data.

Our records show that the most recently completed or current grade year for mycroft is Graduated. If this is incorrect, please adjust the graduation year in the student's member record to show the correct year. Many teachers use this information to level-set grades in courses, so it is important that this grade be accurate.

Class	Status	Midyear Grades			Final Grades		
		Letter Grade	Numerical Grade	Comment	Letter Grade	Numerical Grade	Comment
<b>2016</b>							
Algebra 1	Enrolled	0	-	No comment submitted	0	-	No comment submitted
AP Physics 1 and AP Physics 2 Combination	Enrolled	0	-	No comment submitted	0	-	No comment submitted
Astronomy	Enrolled	C	69.00	mycroft struggled with basic terminology, and missed many quizzes.	B	82.00	mycroft studied much harder this term, did well on quizzes and wrote two superb essays for his final. He completed 14 of the assigned labs. Lab credit granted.
Greek II	Enrolled	0	-	No comment submitted	0	-	No comment submitted
Honors/AP Biology	Enrolled	0	-	No comment submitted	0	-	No comment submitted
Honors/AP Chemistry	Enrolled	0	-	No comment submitted	0	-	No comment submitted
Intro Chemistry: The Chemical	Enrolled	0	-	No comment submitted	0	-	No comment submitted

Your transcript lists your classes for each year. For each course you took, the transcript will show

- your enrollment status
- your midyear letter grade, numerical score, and midyear comment
- your final grade, numerical score, and teacher comment.

You may send an email to [accounts@scholarsonline.org](mailto:accounts@scholarsonline.org) to request that a formal transcript on Scholars Online letterhead be sent to colleges, internship programs, scholarship programs, and summer camps. Please submit your request at least two weeks before any deadline!

- List titles and full descriptions with links to Amazon (Faster)
- List titles and authors only

Switch Display Type

### 2023 COURSES AND TEXTBOOKS FOR MYCROFT BOT

#### Biology

Instructor: Christe McMenemy

Required *Biology: Concepts and Connections*

Martha R. Taylor; Eric Simon; Jean L. Dickey; Kelly Hogan

#### Notes:

*Please be sure that you are purchasing the 10th edition (Giraffe cover). You do not need to purchase Mastering Biology access to the publisher's site; all materials for the course will be available from Scholars Online's secure Moodle site. This text is available for rental in eText format through VitalSource (9780136538981).*

Required *Illustrated Guide to Home Biology Experiments*

Robert B Thompson and Barbara F Thompson

#### Physics

Instructor: Christe McMenemy

Required *Physics: Principles with Applications*

Donald C. Giancoli

#### Notes:

*You do not need to purchase Mastering Physics access to the publisher's site; all materials for the course will be available from Scholars Online's secure Moodle site.*

#### Chemistry

Instructor: Christe McMenemy

Required *Chemistry and Chemical Reactivity*

John C. Kotz; Paul M. Treichel; John Townsend; David Treichel

Your required textbook page will list the texts for each of your courses, along with teacher notes, and a flag showing which texts are required and which are optional.

Clicking on the title will take you to the Amazon bookstore page for the text, if Amazon carries it, so that you can order it or see what it covers. The Amazon link can help you find used copies as well.

Scholars Online receives a percentage of the price for items purchased through its bookstore site. This money is dedicated to our Scholarship Fund.

# SCHOLARS ONLINE

Students use the Chat Login page to list their chats for the day. If no chat sessions are schedule, they can still get to the logs of past chat sessions for their classes.

Use the link on this page to change your default password. If you forget your password, use the password reset request to have Scholars Online issue you a new temporary password.

Enter your username, password, and chat nickname to get a list of chats available for today, or to select logs from previous chats.

# SCHOLARS ONLINE

Select the chat session you wish to attend and click on the button. Chats that are ready for you to enter will have a “Go to Chat” button. Teachers must open chats before you can enter them.

Today’s chats that have ended will have a “Get Log” button.

Click on the List Logs button to get a list of logs from past chats for review.

The screenshot shows the SCHOLARS ONLINE website interface. At the top is a blue header with the AΩ logo and the text "SCHOLARS ONLINE". Below the header is a navigation menu with links: HOME, ABOUT US, ONLINE EDUCATION, ENROLLMENT, RESOURCES, COURSES, COMMUNITY, LOGIN, and a search icon. The user is logged in as "mycroft bot (mycroftt)" and the "Account Management Page" is visible. The current time is shown as Eastern time: 2023-09-21 19:16:46 and Pacific (server) time: 2023-09-21 16:16:46.

The main content area is titled "CHATS FOR TODAY" and contains a table of chat sessions:

Chat Session	Status	Action
The Commons 2023-09-21 00:01:00	Open	Go to Chat
Biology 2023-09-21 11:00:00	Ended	Get Log
Physics 2023-09-21 09:00:00	Ended	Get Log
Natural Science II 2023-09-21 13:00:00	Ended	Get Log

Below the table, a message states: "You are entering chat with the nickname mycroftb. You may change your nick once you are in the chat session."

The bottom section is titled "Chat Logs" and contains the text: "You can review logs from previous chats for classes where you are a student or teacher." Below this text is a button labeled "List Logs of Previous Chats".

Red arrows from the text on the left point to the "Go to Chat" button for "The Commons", the "Get Log" button for "Biology", and the "List Logs of Previous Chats" button.

# SCHOLARS ONLINE

Members (parents, teachers, and students!) use the Moodle Login page to get to class materials, turn in assignments, take quizzes, and use other course resources, participate in Commons activities and open forums.

Enter your username and password to access the Moodle.

A screenshot of the Moodle login page for Scholars Online. At the top is the 'AΩ SCHOLARS ONLINE' logo. Below it are two yellow input fields: the first contains the username 'mycroftt' and the second contains a masked password '.....'. A blue 'Log in' button is positioned below the password field. A blue link 'Lost password?' is located below the 'Log in' button. Further down, the text asks 'Is this your first time here?' and provides instructions for adults and students. A blue link 'change your password here.' is highlighted with a red arrow. At the bottom, there are two blue links: 'Scholars Online Home Page' and 'Scholars Online Chat Login'. A red arrow points from the 'Lost password?' link to the right-hand text block.

If you need to change your password, or you need to request a password reset, click on this link and follow the instructions on the Change Password page. (You can also get to the Change Password page from your Scholars Online Account Login or the Chat Login page.)

# SCHOLARS ONLINE

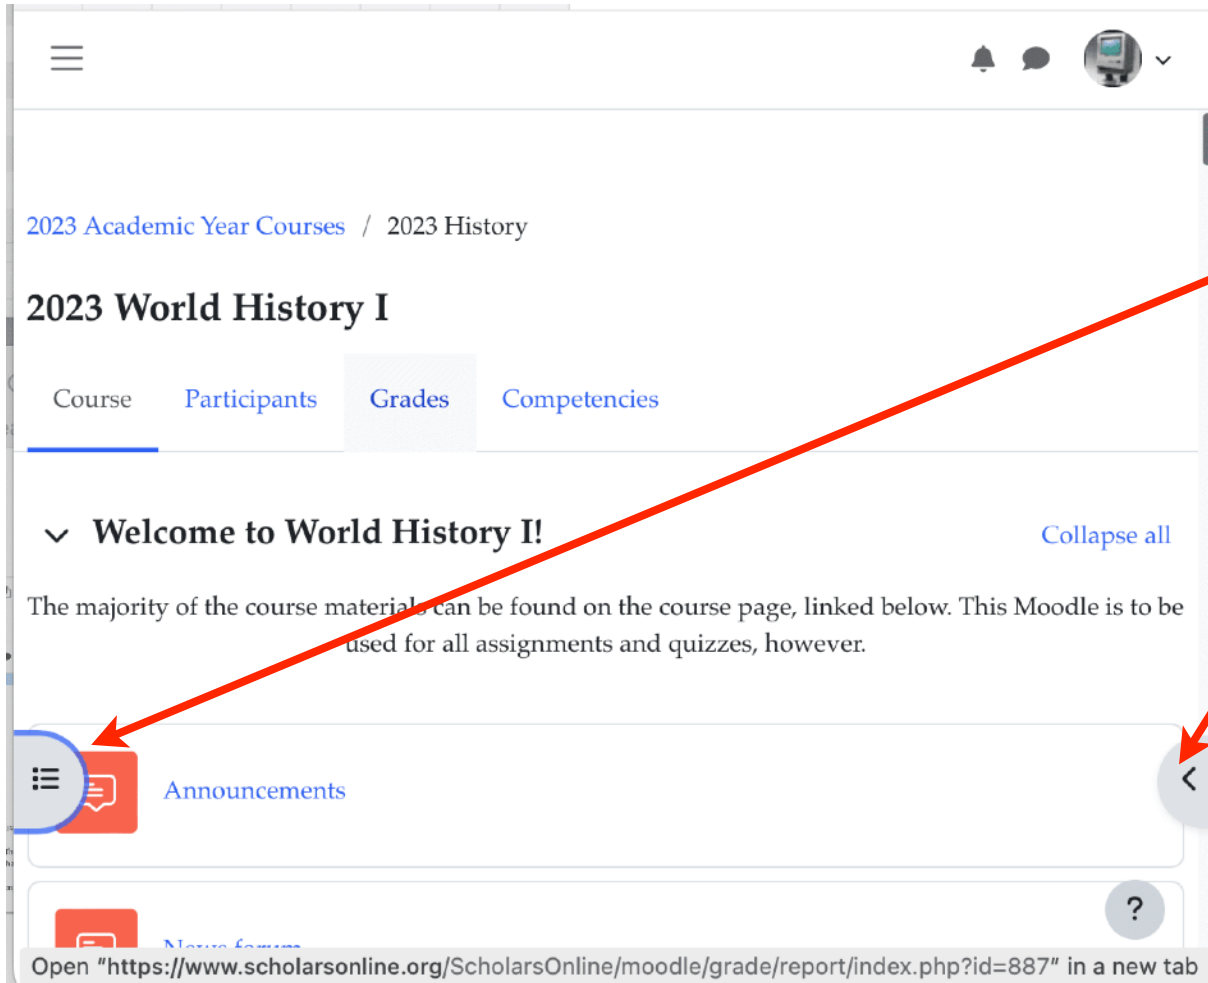

Your Moodle Home Page.

When you first log into your Moodle Home Page, you'll see a lot of information at the top about the Moodle and the school. We use this space to publish important announcements, such as the Moodle upgrade outages, policy commitment deadlines, and important meeting or enrollment information. Whenever you log in, you should quickly check this area for any new announcements.

The screenshot shows the Moodle Home Page for Scholars Online. At the top, there is a navigation bar with the AΩ logo, a 'Courses' dropdown menu, and a user profile for 'mycroft bot'. Below the navigation bar is a header section with the title 'Scholars Online' and a 'Home' link. A welcome message reads 'Welcome back, mycroft! 🙌'. The main content area is divided into three columns. The left column is a 'Navigation' menu with options like 'Home', 'Dashboard', 'Site pages', 'My courses', 'Orientation', 'Accreditation and Administration', '2023 Academic Year Courses', '2022 Academic Year Courses', and 'More...'. The middle column contains a 'Welcome to the Scholars Online Moodle!' message, followed by 'ANNOUNCEMENTS' and a link 'Welcome to the 2023-2024 Academic Year!'. Below this is a section titled 'Orientation Sessions for Fall 2023' with a bulleted list of instructions. A red arrow points from the text on the left to the first bullet point. The right column features a 'Calendar' for August 2023 and an 'Upcoming events' section. The bottom of the page has a 'Main menu' section.

# SCHOLARS ONLINE

The Moodle will look a bit different, depending on which device you use.

If you are using a tablet like an iPad or a smartphone, the course menu option may look like a set of three bars in on the left side of the page.

There is also a little arrow tab in the right of your screen. Click on this tab to list the options to display extra options for the page you are on.

These will be different for your home page, a course page, or an activity.

Click again to close it once you have made your choice.

# SCHOLARS ONLINE

On the left side of your Home Page are several "blocks" of information:

- Navigation
- the Main Menu
- a list of Scholars Online teachers with their email addresses. You can use this list to ask questions about courses, even if you are not enrolled in a particular course.

Welcome to the Scholars Online Moodle!

ANNOUNCEMENTS

Welcome to the 2023-2024 Academic Year!

Orientation Sessions for Fall 2023

- If you missed chat orientation, you can review the Commons log for Wednesday, August 30, for information on how to use the Scholars Online chat program.
- If you missed the policy orientation, you can review the log for Thursday, August 31. This is a good idea even if you attended either the August 29 Zoom chat or the August 31 chat, as we covered a lot of policy details. Let Dr. Bruce McMenomy know if you have questions about chat, and Dr. Christe McMenomy know if you have questions about policy.

It's Policy Commitment Time

Please review the Scholars Online policies for site and Moodle use, privacy, and academic integrity (these are available on the SO website [Policy](#) page). Then go to the 2023-2024 Commons and fill out your parent, student, or teacher policy commitment. If you have not been assigned to a group yet, notify Dr. Christe and she will put you in the right group. If you are taking courses, you will be assigned to the student group even if you are also a parent or have been a teacher.

What does "Mastery" mean?

Director and instructor Dr. Bruce McMenomy and Writing instructor Emily Pearson discuss what it means for education when the goal is to master a subject and not just to get a good grade or learn skills for a job in their podcast [Of Mastery and Mistakes](#) on the Scholars Online YouTube Channel.

Recently accessed courses

Your Dashboard is always accessible from the top of your navigation list.

It will show files you have stored, upcoming event, recently accessed pages (very useful if you got sidetracked and need to get back quickly to some page you were on, and a very extensive calendar listing all the site-wide and course-specific deadlines that apply to you. You can add your own personal events (which only you can see), so you can use the Moodle as a centralized planning platform for all your coursework, not just your Scholars Online courses.

# SCHOLARS ONLINE

You can find the courses you were working on most recently...and perhaps most useful of all is your personal timeline, which will list assignments you need to finish (mycroft has a bunch of overdue work here for attention today, September 21, 2023). The timeline helps you stay focused on what you need to do today to complete work that is due on time.

The screenshot displays the user interface of Scholars Online. It features a 'Recently accessed courses' section with four course cards: '2023 Natural Science II', '2023 Biology', '2023 World History 1', and '2022 Natural Science 2'. Below this is a 'Timeline' section for Thursday, 21 September 2023, listing five overdue activities with 'Overdue' tags and icons for forum posts, assignments, and chat. A right-hand sidebar shows 'Online users' with 'mycroft bot' listed as the only user.

**Recently accessed courses**

- 2023 Natural Science II  
2023 Science
- 2023 Biology  
2023 Science
- 2023 World History 1  
2023 History
- 2022 Natural Science 2  
2022 Science

**Timeline**

# SCHOLARS ONLINE

The screenshot shows the Moodle interface for Scholars Online. At the top left is the AQ logo and a 'Courses' dropdown menu. The main header reads 'Scholars Online' with a 'Home' link below it. A navigation sidebar on the left lists 'Home', 'Dashboard', 'Site pages', 'My courses', 'Orientation', and 'Accreditation and'. The central content area features a welcome message: 'Welcome to the Scholars Online Moodle! ANNOUNCEMENTS Welcome to the 2023-2024 Academic Year! Orientation Sessions for Fall 2023'. In the top right corner, a user profile dropdown menu is open, showing options: Profile, Grades, Calendar, Messages, Private files, Reports, Preferences, and Log out. A red arrow points from the text below to the 'Profile' option in the dropdown menu.

The Moodle keeps track of information about you, your courses, and any activity you do in the Moodle, including logins, messages, assignments. You can look at your profile by clicking on your name in the upper right of the toolbar to get a dropdown menu. You can also check for calendar events, messages, look up your grades, and log out from here.

# SCHOLARS ONLINE

Clicking on your name will take you to your profile page and helpful links, including links to blog entries or forum posts you have made, and reports on grades for work tracked in the Moodle (which may not be the actual grade in the course, depending on what other assignments your teacher is using for evaluation), and a list of your current courses.

A screenshot of a user profile page. At the top, there is a navigation bar with a logo and the text 'Courses'. Below this is a header section for the user 'mycroft bot' with a profile picture and a 'Message' button. The main content area is divided into several sections: 'Navigation' on the left with a tree view; 'User details' in the center, including fields for 'Email address' (mycroftthebot@mindspring.com), 'Country' (United States), and 'City/town' (Bellevue); 'Badges from Scholars Online' showing 'CellMaster' and 'Cloud Spotter'; 'Privacy and policies' with a 'Data retention summary' link; and 'Course details' listing 'The Commons 2023-2024', 'MSA-CISS Accreditation', '2023 World History I', '2023 Reasoning', and '2023 Natural Science II'. On the right side, there are three boxes: 'Miscellaneous' with links for 'Blog entries', 'Forum posts', 'Forum discussions', and 'Learning plans'; 'Reports' with links for 'Browser sessions' and 'Grades overview'; and 'Login activity' showing the last access to the site on Thursday, 21 September 2023, at 5:00 PM. Below these is a 'Mobile app' section with a QR code for mobile app access and a 'View QR code' button. At the bottom right, there is another 'Last access to site' entry for Tuesday, 22 February 2022, at 4:37 PM. Three red arrows point from the text on the left to specific elements: one to the 'Email address' field, one to the 'Grades overview' link, and one to the 'Course details' section.

# SCHOLARS ONLINE

You can edit your profile by clicking on the Edit profile link in the User details box.

A screenshot of a web browser showing the profile page for a user named 'mycroft bot'. The page has a blue header with the AΩ logo and 'Courses' dropdown. The user's name 'mycroft bot' is at the top left with a 'Message' link. Below the name is a navigation menu with options like Home, Dashboard, My courses, and Courses. The main content area is titled 'Significantly Challenged virtual personality.' and contains several boxes: 'User details' with fields for email address, country, city/town, and timezone; 'Badges' showing 'Cell Master' and 'Cloud Spotter'; 'Privacy and policies'; and 'Course details'. On the right side, there are boxes for 'Miscellaneous', 'Reports', 'Login activity', and 'Mobile app'. A red arrow points from the text on the left to the 'Edit profile' link in the 'User details' box.

# SCHOLARS ONLINE

There are a couple of caveats about changing your profile.

You cannot change your username, since this is linked to the information in the primary Scholars Online site.

You can try to change your name and email address, but these will be resynchronized with the primary database as soon as you log in, so the only way to permanently change your email address is to change from the parent account in the Scholars Online members database. This ensures that email accounts are set up in accordance with Scholars Online's procedures, so that parents can monitor student email at their discretion.

# SCHOLARS ONLINE

One thing you can and should change here is your preferred timezone. By default, the account is set to the server timezone (the server is in Seattle, so this is Pacific Standard or Daylight Time, whichever is in effect). Change this value to your current timezone, and all test closure and assignment due dates will display correctly for your local time, rather than PST or PDT. This may help you avoid turning an assignment in late!

You can add a small avatar that will display with your name in some screens, and you can add a personal description and information about your interests. Your teachers and students in your classes will see this information.

A screenshot of the ScholarsOnline profile editing interface. The page has a light blue sidebar on the left with a menu containing 'City/town', 'Select a country', 'Timezone', and 'Description'. The main content area is white and contains several sections: 'City/town' with a text input field containing 'Bellevue, WA'; 'Select a country' with a dropdown menu showing 'United States'; 'Server timezone (America/Los\_Angeles)' with a dropdown menu; 'Description' with a rich text editor containing the text 'Significantly Challenged virtual personality.'; 'User picture' section with a 'Current picture' (a small circular avatar) and a 'Delete picture' checkbox; 'New picture' section with a file upload area showing a dashed box and a blue arrow pointing down, with the text 'You can drag and drop files here to add them.'; 'Accepted file types:' section listing 'Image files used on the web .gif .jpe .jpeg .jpg .png .svg .avgz'; 'Picture description' with a text input field; 'Additional names', 'Interests', and 'Optional' sections, each with a right-pointing arrow; and 'Update profile' and 'Cancel' buttons at the bottom. A red arrow points from the text on the left to the 'Timezone' menu item, and another red arrow points from the text to the 'User picture' section. At the bottom of the page, there is a note: 'There are required fields in this form marked \*'.

▼ Welcome to Scholars Online Natural Science Year II Collapse all

Welcome to the Scholars Online Natural Science Year 2 course! This course covers the history of science from the Scientific Revolution to the 21st Century, and covers key scientific concepts in chemistry, geology, evolution, electricity and magnetism, light and optics, thermodynamics and energy, radioactivity, relativity, microbiology, genetics, ecology, and cosmology, as well as methods of scientific inquiry, and the relationship of different areas of science to each other.

Most of your reading will be online at the [Natural Science Course Year Two Website](#).

Each UNIT of this course discusses some historical or social aspect of science, and some core scientific concept. There are lots of pieces to keep track of but you'll soon get the hang of things

- Do readings and write your forum essay before class. Complete as much of the mastery exercise as possible and bring any questions you have to class.
- Redo your mastery exercise to achieve the minimum score required, then take the unit quiz (closed book).

Your assignment	When it is due (SERVER TIME, Pacific Zone)	Where you find it	Where you turn it in
Read history web lecture	By midnight Wednesday	<a href="#">Natural Science Course Website Unit History page</a>	See "Forum essay"
Read science web lecture	By midnight Wednesday	<a href="#">Natural Science Course Website Unit Science Page</a>	See "Forum essay"
Forum Essay or Report	By midnight Wednesday	Moodle Forum for Unit [also on Homework page, above worksheet.]	Moodle Forum for Unit
Mastery Exercise First Attempt	By midnight Wednesday	Moodle Mastery "Quiz" for Unit	Automatically graded (mostly)
Mastery Exercise Passing Attempt	Before taking Quiz	Moodle Mastery "Quiz" for Unit	Automatically graded (mostly)
Quiz	Thursday through Tuesday midnight following chat	Moodle Quiz for Unit	Automatically graded
Lab	Varies; see deadlines	<a href="#">Natural Science Course Website Unit Lab Page</a>	Moodle Lab Assignment for Unit
Semester Examination	End of Fall and Spring Semesters	Sent by Teacher	Moodle Examination Assignment for Semester

REMINDER: For LAB CREDIT, you must do at least 18 labs. You may pick and chose depending on your time and the availability of lab equipment or materials. You may turn labs in at any time for credit without penalty; "due" dates are suggestions but not requirements.

Announcements

What you find on your course page will depend on what features of the Moodle your teacher has chosen to use for a particular course, so your course pages may look different from these.

This is mycroft's Natural Science 2 course. The teacher has chosen to add some blocks like Upcoming Events and a Calendar. There's also some general information at the top of the course, and forums for announcements, news, and for students to post questions about the topic.

# SCHOLARS ONLINE

Scrolling down mycroft's Natural Science 2 Course home page, we get to sections tagged with the week of the course. The first two weeks have links to an outside website with information the student is expected to read before chat.

There is a forum (marked by a cartoon balloons) for students to introduce themselves in the first week.

There are some other activities (marked by a pencil and paper) that require the student's attention, and you can easily see that mycroft has completed the tasks for the introduction assignment, but has not viewed or submitted work for the mastery exercises..

▼ 3 September - 9 September

# SCHOLARS ONLINE

Use the links in the Activities block to get to lists of all of your course Assignments, Forums, and Quizzes or Exercises, with due dates, whether you have completed the activity, and your grade. This will help you stay current with any activities due for the course.

The screenshot shows a course interface with a sidebar on the left and a main content area on the right. The sidebar contains a vertical scale from 1 to 9. The 'Section links' block shows the numbers 2, 4, 18, and 30. The 'Activities' block lists 'Assignments', 'Forums', 'Glossaries', 'Quizzes', and 'Resources'. The main content area includes 'Announcements', a 'Lab: Permission slip received' notification with dates 'Opened: Wednesday, 30 August 2023, 12:00 AM' and 'Due: Thursday, 28 September 2023, 11:59 PM', and 'Biographies of Scientists'. A section for '3 September - 9 September' is expanded, showing 'Unit 34: Introduction to Natural Science Year II' and a note: 'Don't see your assignments? Click on the session dates!'.

# SCHOLARS ONLINE

Selecting the Participants link for the course will give you a list of the other students and teachers for this course. You can click on names in this list to send messages to one or all of your fellow students, which can be useful if you have cooperative projects that you need to work on, or to your teacher, if you have any questions about the course.

Yes...we now support the mobile app for iOS and Android (but we think our mobile theme is prettier).

# SCHOLARS ONLINE

Clicking on the question mark next to some features will take you to the Moodle documentation for that item. Remember that this will be general documentation explaining how most Moodle sites work.

If you have any problems with our Moodle, send a message or email to the Production Administrator (that's Dr. Christe), with a description, the exact wording of the error message, and a screen shot, if possible.

The Moodle has many more features...this should help you get started finding your courses, assignments, quizzes, fellow students, and your teachers.
